So impressed was a Hatfield, Ind. nurseryman with the oratory of some of the eloquent colonels who furnished forensic fireworks for the Dixie Bee Line that he has offered to donate a large number of Japanese chestnut trees to line the route of the proposed Dixie Bee Line highway from Danville, Ill., to Adams, Tenn. Just whose speeches suggested the variety of trees, is a matter of dispute.

Beth South Main and South Virginia streets have been rebuilt recently, South Main only last spring, but both streets are again covered with mud and full of holes in the macadam. The net results are that the street crossings were torn up and hauled away and the big roller crushed many of the valleys, which have been replaced. The people are getting impatient for "Uncle" Dick Holland to become Street Commissioner Dec. 1st.

Jas. F. J. Archibald, the American correspondent, says he was ignorant of the contents of the sealed letters entrusted to his care by Dr. Dumba. He makes this statement:

"I did not consciously break either the spirit or the letter of my passport or of any law, but merely did what every traveler crossing the ocean does, by carrying notes or small packages as an accommodation to friends, just as I did when I returned from Germany last year, when I carried several letters and official dispatches to our state department for Ambassador Gerard and packages for Mrs. Gerard and others. Of course, in doing this for Mr. and Mrs. Gerard I did it simply as a matter of friendship, precisely as I carried the letters in

CASEY AT THE BAT

And Something is To Be Doing All of The Time in His Rounds.

HUSTLING UP THE EXHIBITS

Some Interesting Dope About The Coming Pennyroyal Fair.

County Demonstrator Casey has his hands full and is on the go all the time. Monday he worked with farm management problems on farms in North Christian. Tuesday was spent in the extreme southeast part of Christian along the Todd county and Tennessee border lines, with farmers and Corn Club boys, and on in to Hopkinsville.

Mr. Casey says this is a natural cattle, sheep, hog, goat, fruit and every other country. He finds fat cattle, sheep and goats doing well on the native grasses, getting fat on the little Japanese clover. Mr. Casey is enthusiastic about the future of Christian county. He says that anything will grow here that is adapted to this climate and that he found the finest apples he ever saw on the farm of Mr. Pete Barker in South Christian.

Getting farmers to prepare exhibits for the fair is a hobby with our new demonstrator and we predict that he will get out as representative a lot of exhibits as possible, considering the short time he has had to work on this phase of his activities.

Mr. Casey regrets that he cannot visit every farmer and farm in the county before the fair, and is getting around to as many farms as possible.

Our demonstrator is an expert in corn raising and knows a great deal about types in corn for show purposes. The winning exhibit at the State Fair, for Western Kentucky, was selected by him on one of his visits.

The pig given as a special by Thomas Powers has arrived. Mr. Powers won on Poland Chinas at the State Fair, 1st junior yearling boar, 1st and 2nd senior sow pigs, junior champion sow and grand champion sow.

The floral premiums that are not in the catalogue are the same as last year on the following classes:

Collections of blooming plants, palms and ferns; displays of geraniums, begonias and cut flowers; vases of white, pink and red roses.

The ladies in charge of the Baby Show have decided to extend the date for closing the entry lists to Saturday, September 25. So all babies entered up to that time will be judged. All babies entered in this contest should be at the fair grounds on Wednesday, September 29, at 9:30 a. m., as at that hour the examination will begin and it is desired to get it over with as soon as possible. Those wishing to enter their babies can secure blanks from Secretary Richards or Mrs. B. G. Nelson.

RAID OVER LONDON

Attack of Zeppelin That Destroyed Forty Lives.

New York, Sept. 21.—A handful of persons from the millions who saw the first Zeppelin raid over the heart of London on the night of September 8, reached New York today aboard the steamship Orduna with thrilling stories of the fight in the sky between the invaders and British aircraft.

There were said to have been three Zeppelins in the fleet, although those who told the story today saw but one. They circled over the theatre and hotel district of London, dropping explosive and incendiary bombs. One of the latter, it was said, destroyed by fire an entire block of warehouses within five minutes walk of St. Paul's church. An explosive bomb ripped through a six-story tenement in the center of the city, shattering the building from top to bottom and killing a dozen or more men, women and children as they slept.

Several bombs, according to eye-witnesses, fell near three hospitals in a cluster, the central one of which was the Ophthalmic hospital, full of wounded soldiers. All three buildings were wrecked to their foundations and not a pane of glass was left intact. The patients had to be moved into the street, where they lay for hours on their cots while the damage was repaired.

FRIGHTENED BY NEGRO

Who Seized Her In a Warehouse Building Last Tuesday.

Verna May Johnson, a child 12-years-old, complained to the police, through her father, J. T. Johnson, of 19th street, that she was attacked by an unknown negro Tuesday. The child was passing an unoccupied tobacco warehouse and stepped inside for something. The negro was inside and the girl says he seized her, placed his hand over her mouth and carried her the length of the building. There she managed to escape and darted out of a side door. The negro has not been apprehended.

MAY NOT ESCAPE

Russian Retreat Seems to Have Reached Most Critical Juncture.

IMPORTANT ADVANCES MADE

In the West French Troops Go Forward Across the Aisne-Marne Canal.

London, Sept. 22.—The German encircling movement against the Russian army that evacuated Vilna has tightened and with the retreating forces virtually without rail communication, their retreat seems to have reached the most critical juncture.

There are increasing misgivings in England with regard to the outcome of the maneuvers.

The latest Berlin official communication shows important advance by von Hindenburg's right wing, as well as progress by Prince Leopold of Bavaria on the center.

The only development, from the point of view of the allies, as an offset to the continued rush of the Germans in the east is the news from Paris that French troops have crossed the Aisne-Marne canal, a claim which Berlin concedes.

The British front, which has been so quiet for weeks, has been hampered by the German artillery, but according to the British official report, prompt retaliation by the British balanced the score.

PARIS REPORT.

"On September 19, there were nine air combats. Two hostile aeroplanes were driven to the ground inside the German lines. One fell enveloped in flames. The engine of the other was set on fire."

MILLINERY OPENINGS

Were Week's Events at The Leading Stores Yesterday.

Yesterday was the general opening of the millinery stores and great preparations had been made for an auspicious opening of the fall season.

At Frankel's Busy Store, at Anderson's and at Miss Fannie B. Rogers', the ladies were greatly interested in the attractive displays of the new season's styles and popular goods. These semi-annual openings are always great events with the ladies, who flock in large numbers to see what is newest and most up-to-date in headwear.

At Frankel's there were, as usual, four models who gave displays of fashions from 10:30 to 12 and from 3 to 4:30 p. m., during which music was rendered by Robert Cooper, Miss Marguerite Lawson and "Swatty" the cornetist.

The beautiful displays were witnessed by many men, presumably the husbands of ladies who could not be present, but wanted to be represented.

A close inspection of the advertising columns of the Kentuckian will well repay those who want to get the latest information of what is being offered by the leaders in millinery and dress goods.

BEST BOY JUDGE.

Earl Mason Gary, aged 12, took the prize as the best boy judge of corn at the State Fair, winning \$15. He also got \$5 for the best ear of corn. He is from Graves county.

NO CLUE YET.

No arrests have been made for the robbery of the cash drawer at Tobin's Palm Pocket Pool room Sunday night. The estimated loss was \$400.
